

Trash & Recycling Collection Days Changing

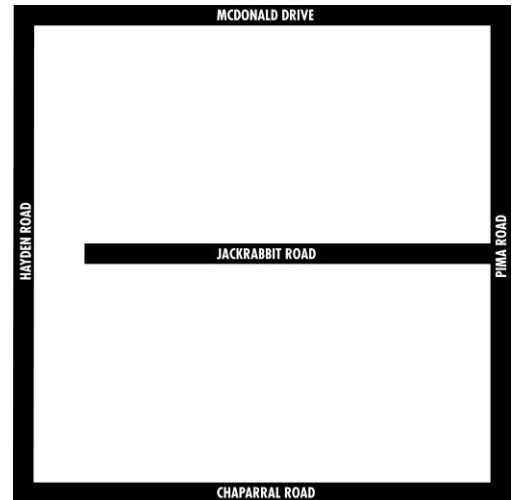

New routes and schedules begin August 2

Depending on where you live in Scottsdale, your curbside recycling and trash collection days could be changing. Solid Waste Management studied the current routes carefully and determined re-routing some areas of the city would streamline operations and have long-term costs savings for both you and the City.

For your neighborhood (see adjacent map) your curbside trash collection will continue to be picked up on Wednesdays.

Beginning the week of August 2, 2010 your curbside recycling collection day will change from Fridays to Mondays for residents inside of the map.

Beginning August 2nd

Current Recycling Collection Day
Friday

New Recycling Collection Day
Monday

Current Trash Collection Day
Wednesday

New Trash Collection Day
Wednesday (Collection day stays the same)

Tips and Guidelines

- Your recycling container is mauve
- Your trash container is black
- Please have your container at the curb by 5 a.m. the day of your scheduled collection
- Place your container away from parked cars, light poles, mailboxes or other obstacles that may prevent us from collecting the container
- Remember to place the container so it opens towards our collection trucks
- All material should fit inside the container so the lid closes
